Accessibility

The Kunstbau has limited accessibility via a lift. Due to structural conditions, this is a goods lift and our staff will be available to help you use it. You can reach the lift via Luisenstraße 29 at the Rhaetenhaus restaurant / entrance to the vocational school centre. Please announce your arrival via the intercom at the lift or by telephone on +49 89 233 32012. Alternatively, an accompanying person can also announce your arrival at the Kunstbau ticket office. The lift is suitable for all wheelchair widths. Barrier-free access is signposted.

The main exhibition space is accessible on one level. A small additional area of the show can be accessed barrier-free by the assistance of our staff. There is a barrier-free toilet in the Kunstbau as well as a cloakroom and lockers.

Audioguide

We offer you a free audio guide in German and English for the exhibition „Turner. Three Horizons“. You can obtain it at the cloakroom in the Kunstbau. If you would like to listen to the audio pieces on your own mobile phone, you can download the audio guide as an app free of charge. The name of the app is „Lenbachhaus-Audioguide“.

Art Education program

Throughout the duration of the exhibition, we offer a diverse educational program, including guided tours in German and English. This program will be expanded during the course of the exhibition. Please take a look at our calendar of events at: www.lenbachhaus.de/besuchen/kalender
